This form must be completed and signed by the agent and submitted within 30 days of the new policy application in order for the referrer to qualify.

IMPORTANT PROGRAM INFORMATION

A qualified referral is a person willing to provide us with the necessary information to provide a quote.

The program is open to any person over the age of 18 who refers a qualified prospect to one of our agents.

The referring person does not have to make a purchase in order to make a referral. The referring person does not have to be insured by Western Community Insurance to make a referral. The referred person does not need to purchase a policy from Western Community Insurance in order for the referring person to receive a \$25 gift card.

If the referred person receives a quote but does not purchase a policy, the referring person is still eligible for the \$25 gift card.

Gift cards should be mailed within 60 days of the referral's receipt at the home office.

Only one gift card will be issued per referral.

Current customers of Western Community Insurance / Farm Bureau Insurance are limited to four (4) gift cards per calendar year.

A current customer (a person insured with Western Community Insurance within the previous 12 months) cannot refer themselves, or another person listed on their current policy.

Agents, their employees, and immediate family members of agents and their employees are not eligible.

Non-Washington residents are eligible to receive the \$25 gift cards, but new policies must be Washington policies.

Brokerage, life, and federal crop policies are not eligible.

This program may be changed or discontinued any time without notice.
